

## PRODUCT SPECIFICATION

### ABUS Granit Open Shackle Padlock

The world leading Granit padlocks are manufactured by ABUS in Germany. They are the only high security padlocks in the world to be cathaphoretically coated to ensure they are a fully weatherproof to a marine grade standard and suitable for prolonged used outdoors and in a saline environment. ABUS have assured that these padlocks will be resistant to corrosion for 40+ years.

The large 77mm version affords an insurance approved CEN Grade 5 whilst the 63mm reaches CEN 4. When unlocked the shackle can be removed completely and the key is retained within the padlock until the shackle is replaced.

This lock uses a patented ABUS Plus mechanism with over 250,000 different key variations. It is near impossible to pick and drilling the mechanism will not allow the lock to open.

Each lock is supplied with 2 keys, one of which has an integrated LED light. They keys cannot be copied without the special code card which is supplied with each lock.

### Lock Types & Details:

Granit Open Shackle Padlocks					
ABUS Reference Number	  mm	  mm	ABUS GPS	Weight kg	Box qty
37/55	63 / 85 / 31	27.5 / 26 / 11	10	0.506	3
