

PRODUCT SPECIFICATION

ABUS Expedition Padlocks

The most popular fully marine grade lock on the market. Although many of our padlocks are designed for use in normal outdoor conditions, the expedition padlock is our best selling marine grade lock. We have independently tested this lock to ensure it stands up to rigorous outdoor use in both normal and saline environments.

The whole lock body is enclosed in a special protective, impact-resistant plastic sheathing. All internal parts are also made of 100% rustproof materials while the shackle is also protected by a sealed plastic jacket.

Lock Types & Details:

70IB Brass Padlocks					
ABUS Reference Number	mm	mm	ABUS GPS	Weight kg	Box qty
70IB/45 C	53 / 73 / 28	20.5 / 24.5 / 8	5	0.210	6
